Woodmont Donates \$10,000 to Wounded Warrior Project

Keeping in its tradition of community engagement, involvement and giving, during the afternoon session and before the team building event (twenty six teams built and flew miniature airplanes), Woodmont executives announced that they donated \$10,000 to the Wounded Warrior Project. Again, with the venue at the former naval air station, the gift was consistent with the 2016 annual event theme.

The Wounded Warrior Project provides free programs and services focused on the physical, mental and long-term financial well-being of this generation of injured veterans, their families and caregivers. In 2015, Woodmont worked with numerous agencies to support Toys for Tots, food bank donations and other community-based giving campaigns.
